RESPONSE

The Honorable Commissioner of Patents & Trademarks Washington, D.C. 20231

Dear Sir:

Responsive to the Office Action of March 27, 2001, please amend the subject application as follows.

In the Claims

Please amend claim 89.

1' 89. A device for converting image data into a holographic pattern formed from a plurality of discrete holograms each constituting a holographic pixel and having diffraction gratings, said device comprising:

(a) means for converting said image data into digital form having a plurality
